Trusted Advisor

Viruni Law represents clients in complex litigation and provides sophisticated solutions in tax matters such as tax controversies, estate and business succession planning, and debt reorganization.

“**I**n our practice, no two cases are alike, so we create unique solutions tailored to each client’s specific needs,” shares Vince Viruni, Esq., founder of Viruni Law. “The issues we face on a daily basis allow us to be analytical and innovative to achieve our clients’ objectives.”

Viruni Law’s clients—individuals and businesses across the nation and overseas—look to the firm for tax-advantaged legal solutions in complex litigation. This includes representation in private and commercial contract disputes, probate litigation, or representation before federal and state agencies in criminal and civil financial matters.

“Clients often don’t know what they don’t know,” says Viruni. “Therefore, we must be proactive and anticipate additional needs that can arise during the course of our relationship.” Clients are also hard-pressed to find equivalent quality of service at the price Viruni Law can offer. “We use an adaptive pricing model, which is unique to our practice,” reveals Viruni.

Clients are delighted to work with Viruni, and appreciate his responsiveness, empathy, honesty, professionalism, and dedication to delivering results.
